### Student Signature

I herewith apply for an extension of my Erasmus+ mobility period. I am aware that approval of the extension of my mobility period does not automatically imply the extension of the grant period. I am aware, that in general, funding cannot be provided for the entire mobility period, but only in combination with zero grant periods. Extension of the grant period will be decided independently by the International Office of Ulm University, based on the availability of funds. The decision about the grant may be made at a later date and will be communicated in a separate letter / addendum to the grant agreement.

*Hiermit beantrage ich eine Verlängerung meiner Erasmus+ Mobilität. Mir ist bekannt, dass eine Genehmigung der Verlängerung der Mobilitätsdauer nicht automatisch auch die Zusage für eine Verlängerung der Stipendienlaufzeit beinhaltet. Mir ist bekannt, dass eine finanzielle Förderung u.U. nicht für die gesamte Dauer einer Mobilität bewilligt werden kann, sondern eventuell nur in Kombination mit Zero-Grant-Zeiträumen. Ob auch eine Verlängerung der Stipendienlaufzeit möglich ist, wird vom International Office der Universität Ulm unabhängig von diesem Antrag geprüft und ist abhängig von der Verfügbarkeit ausreichender Fördermittel. Die Entscheidung über eine Verlängerung der Stipendienlaufzeit wird ggf. zu einem späteren Zeitpunkt getroffen und wird in einem separaten Schreiben / Zusatz zur Stipendienvereinbarung mitgeteilt.*

### Host Institution Confirmation

On behalf of my institution, I herewith confirm that we approve the student's proposed extension of the mobility period and that we will grant him/her admission as Erasmus+ student for the full time period applied for.

In case that the extension of stay exceeds the contingent of students/months laid down in our inter-institutional agreement with Ulm University, we agree to a raise of the contingent to fully cover this mobility. This raise is limited to this single case and does not create any precedent for future years.
