

**EXCHANGE STUDENTS  
BADEN-WÜRTTEMBERG-SCHOLARSHIP NOMINATION**

**INFORMATION**

If not otherwise agreed upon, each partner university may dispose of 11 scholarship months per academic year. The final availability of scholarships depends on the annual budget as well as on the number and quality of scholarship applicants from our partners.

The scholarship may be divided among exchange students from one institution. According to scholarship regulations, the minimum scholarship period per student is 3 months, the maximum period is 11 months.

After the partner institution has sent the scholarship nomination(s) Ulm University makes a proposal to the scholarship provider "Baden-Württemberg Stiftung" for formal approval. Decision to be expected in July (for Winter Semester) and in January (for Summer Semester).
