

The **Institute of Strategic Management and Finance**, Faculty of Mathematics and Economics at the University of Ulm, has an opening (2/3 position) for a

scientific assistant (E 13)

This **research/teaching position** is for Ph.D. students interested in the area of banking, mutual funds, and credit ratings starting as soon as possible. The position is limited to two years with the possibility of extension.

The applicant should have a very good university degree in business administration, economics or in a mathematically-/statistically-oriented study path. We welcome experience in empirical study projects, applied programming, and statistical packages (in particular STATA).

The University of Ulm is committed to increase the share of women in research and teaching positions and therefore explicitly encourages female candidates to apply.

Form of application: Please apply until **June 15, 2013** with the usual documents to anette.lesle@uni-ulm.de.

Subject: **Reference number 43**

PD Dr. Andre Guettler
Institute of Strategic Management and Finance
University of Ulm
Helmholtzstraße 22
89081 Ulm
Germany

Physically disabled applicants receive favourable consideration when equally qualified. The appointment is made by the central university administration.
