

## Invitation to PhD students of the International Graduate School in Molecular Medicine of Ulm University and their mentors

**JOUR FIXE: October 6<sup>th</sup>, 2009**

### ***“Climate change and climate protection”***

We invite the PhD students of the International Graduate School in Molecular Medicine of Ulm University and their mentors to come to the 9<sup>th</sup> Jour fixe of “M4M”. This name stands for the programme “Mentorship for Molecular Medicine PhD Students”.

At the latest from the release of the Report of the Intergovernmental Panel on Climate Change (IPCC) in 2007 it is stated that mankind is responsible for the global increase of the temperature on Earth. This is the reason for further changes which influence

and threaten the life on our planet. During this Jour fixe we will have a look on the greenhouse effect and what can be done in everyday life to diminish the personal “ecological footprint”.

If you are interested in this Jour fixe then come to the Villa Eberhardt (Heidenheimer Straße 80, Ulm) to the seminar room on the basement on **Tuesday, October 6<sup>th</sup>, 2009 at 19 o'clock**. You are welcome!

The “Jour fixe” takes place regularly in every month. It offers you the opportunity to get in contact with each other to exchange experiences, to get to know about Germany, its language and culture. And it can be the starting point for further common activities.
