

## Invitation to PhD students of the International Graduate School in Molecular Medicine Ulm and the M4M mentors

### *“Exkursion auf die ‘Schwäbische Alb‘ mit Ostereiermuseum und Schloss Lichtenstein“*

### “Excursion to the Swabian Jura with the Easter eggs museum and the castle of Lichtenstein”

**Saturday, April 16<sup>th</sup>, 2011**

We invite all the PhD students of the International Graduate School in Molecular Medicine Ulm and the M4M mentors to join an excursion to the Swabian Jura (Schwäbische Alb) by coach. On our way to the Easter eggs museum in Sonnenbühl-Erpfingen at first mentor Ulla Fricke will give you details about Easter traditions. (Easter will be one week later.)

Then we will have a guided tour through the museum in English. After the tour you will have the chance to watch some artists designing Easter eggs.

For the lunch break we continue our excursion to the Roßbergturm, a tower in Reutlingen-Gönningen. From its top you have a nice view over the Swabian Alb. So let's hope for good weather conditions. There is also a guesthouse where you may order something to drink (and to eat if you like).

Then we drive to the castle of Lichtenstein ([www.schloss-lichtenstein.de](http://www.schloss-lichtenstein.de)). They say it is a little bit the castle Neuschwanstein of the Swabian Alb. There we also are going to have a guided tour, either in English or in German with English information sheets.
