

Principal Investigators IGradU _ Stand 03.2021

International Graduate School
in Molecular Medicine Ulm

Barth, Holger	Pharmacology und Toxicology
Böckers, Tobias	Anatomy and Cell Biology
Britsch, Stefan	Molecular and Cellular Anatomy
Buske, Christian	Experimental Cancer Research
Danzer, Karin	Department of Neurology
Debatin, Klaus-Michael	Pediatrics and Adolescent Medicine
Dimou, Leda	Department of Neurology
Döhner, Hartmut	Internal Medicine III
Fehling, Hans-Jörg	Immunology
Fischer-Posovszky, Pamela	Department of Pediatrics and Adolescent Medicine
Frick, Manfred	General Physiology
Geiger, Hartmut	Molecular Medicine
Gierschik, Peter	Pharmacology and Toxicology
Herweg, Annika	Institute of Neurobiology
Huber-Lang, Markus	Orthopedic Trauma, Hand, Plastic and Reconstructive Surgery
Ignatius, Anita	Orthopaedic Research and Biomechanics
Johnsson, Nils	Molecular Genetics and Cell Biology
Just, Steffen	Internal Medicine II
Kestler, Hans	Neural Information Processing
Kirchhoff, Frank	Molecular Virology
Kleger, Alexander	Internal Medicine I
Knöll, Bernd	Physiological Chemistry
Knippschild, Uwe	Departement of General and Visceral Surgery
Kochanek, Stefan	Gene Therapy
Kühl, Michael	Biochemistry and Molecular Biology
Liss, Birgit	General Physiology
Meyer, Lüder Hinrich	Pediatrics and Adolescent Medicine
Michaelis, Jens	Biophysics
Oswald, Franz	Internal Medicine I
Reber, Stefan	Department of Psychosomatic Medicine and Psychotherapy
Riedel, Christian	Institute of Microbiology and Biotechnology
Ropinski, Timo	Institute of Media Informatic
Roselli, Francesco	Department of Neurology
Rottbauer, Wolfgang	Internal Medicine II
Scharffetter-Kochanek, Karin	Dermatology and Allergic Diseases
Seufferlein, Thomas	Internal Medicine I
Siebert, Reiner	Institute of Human Genetics
Sparrer, Konstantin	Molecular Virology
Spellerberg, Barbara	Medical Microbiology and Hospital Hygiene
Stamminger, Thomas	Virology
Stenger, Steffen	Medical Microbiology and Hygiene

Tuckermann, Jan
Vujic Spasic, Maja
Weidinger, Gilbert
Wiesmüller, Lisa
Wirth, Thomas

Applied Zoology and Endocrinology
Comparative Molecular Endocrinology
Biochemistry and Molecular Biology
Obstetrics and Gynecology
Physiological Chemistry
