- In 2024:
 - **~10,100 students; 13.5 % international**
 - 62 study programmes,
13 Master programmes taught entirely
in English
 - ~2,000 graduates & ~500 doctoral degrees
 - ~230 professors
 - ~135 million Euros of third-party funding
 - More than 170 partner universities

4 Faculties – 62 Study Programmes

- Human Medicine
- Dentistry
- Molecular Medicine

Medical Faculty

Faculty of Mathematics and Economics

- Mathematics
- Economics
- Business Mathematics
- Finance

- Electrical Engineering
- Computer Science
- Psychology

Faculty of Engineering, Computer Science & Psychology

Faculty of Natural Sciences

- Biology
- Chemistry
- Physics

13 Master Programmes Taught in English

Engineering, Computer Science & Psychology

- . Cognitive Systems
- . Communication and Information Technology

Mathematics & Economics

- . Finance

Medicine

- . Molecular & Translational Neuroscience
- . Molecular Medicine
- . Advanced Oncology

Natural Sciences

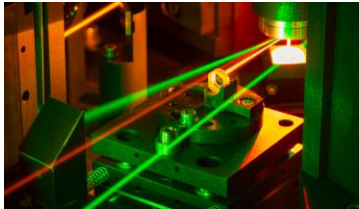

- . Biology
- . Biophysics
- . Chemical Engineering
- . Chemistry
- . Energy Science and Technology
- . Physics
- . Quantum Engineering

Our 5 Strategic Research Fields

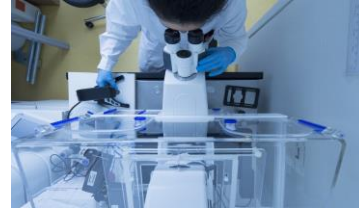

Energy Conversion &
Energy Storage

POLIS
Post Lithium Storage
Cluster of Excellence

Quantum Science &
Technology

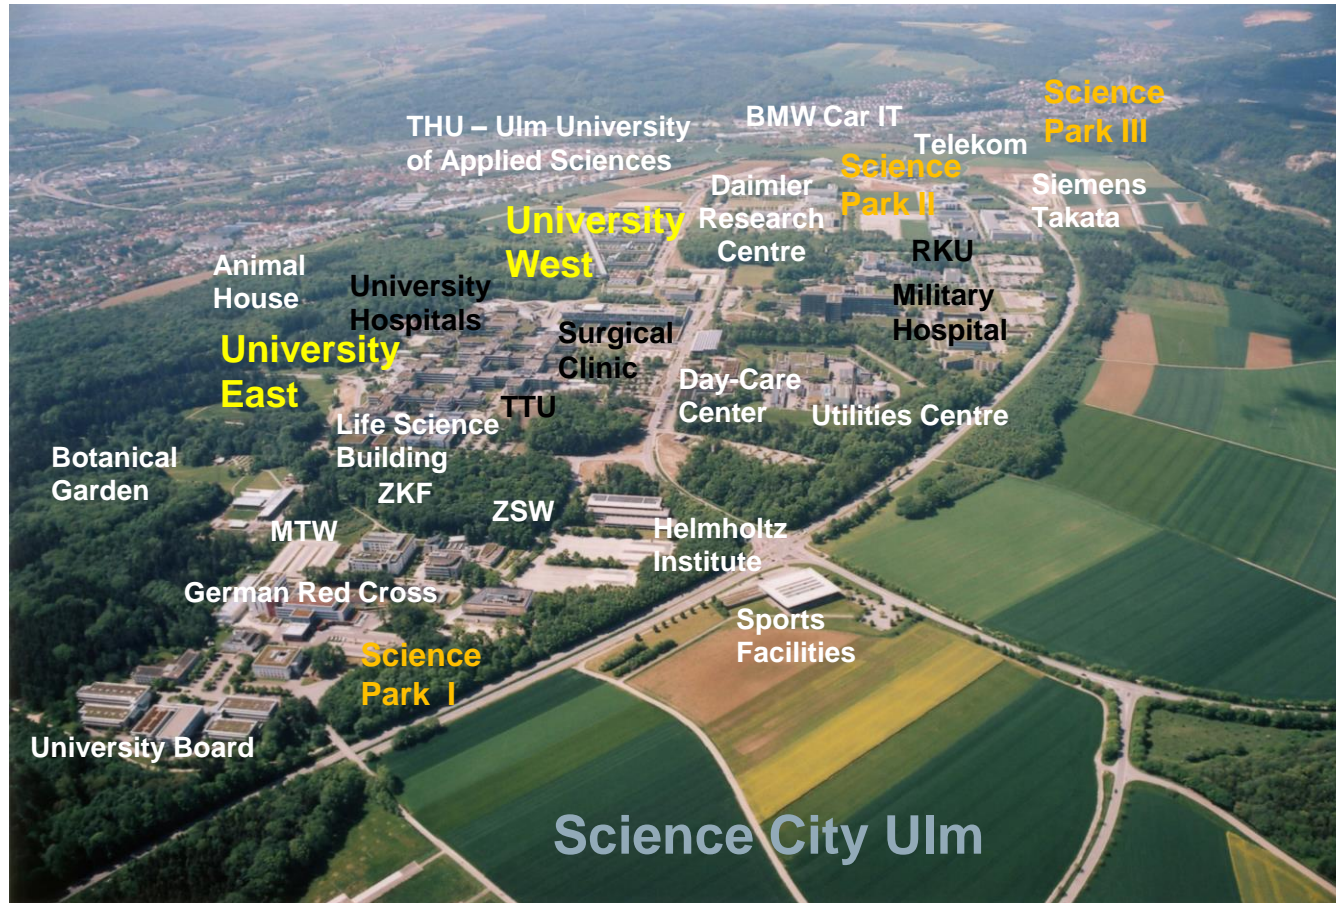

Molecular Mechanisms
of Ageing & Age-Related
Diseases

Interdisciplinary Data
Science & Artificial
Intelligence

Transdisciplinary
Trauma Science

MTW =
Multidimensional
Trauma Sciences

RKU =
University and
Rehabilitation Clinics
of Ulm

TTU =
Training Hospital

ZKF =
Center for Clinical
Studies

ZSW =
Centre for Solar
Energy and
Hydrogen Research
Baden-Württemberg

Ulm University – More Facts

- **Best Young German University**, ranked 8th worldwide in THE's Young University Ranking 2017
- **Top Research University in Germany**, ranked 15th in THE World University Ranking 2023 (148th worldwide)
- **Leading University in Germany** in Battery Research, Trauma Research and Quantum Science & Technology
- **Founding member of YERUN** – A network of young European research-oriented universities
- **Founding Partner of the German University in Cairo**, Germany's largest Transnational Education (TNE) project
