The Student

I would like to carry out the above-listed electives/rotations. I accept that electives/rotations can be carried out only on full-time basis. I am aware that I must have sufficient knowledge in German to be allowed to practical work in any of the university hospitals. I understand that minimum requirement is level B1 at the time of application; some fields may even require B2 at the time of application.

Date **Signature**

The Ulm University Incoming Student Advisor

I have checked the proposed electives/rotations. A list with alternative/additional assignments/periods is attached, in case the proposed programme could not be approved completely.

Date **Signature / Stamp**

Important Information
Ulm University International Office can only arrange housing in student residences during the months of July and August. This is why we only accept hospital rotation applications for this exchange period.
