Lconfirm

that the information I have given is true and complete.

I know that false information can lead to cancellation of registration/enrolment.

I declare

that in the programme for which I am applying I have not failed any examination at last attempt or lost the right to examination due to other reasons. The same applies for study programmes that Ulm University considers to be related to the study programme for which I am applying to enrol.

that I am not enrolled at any other university in Germany (a simultaneous enrolment at Ulm University is only allowed with explicit permission by both universities!)

that - during my studies - I will not be under any employment contract or articles of apprenticeship or employed elsewhere - this regulation does not apply when enrolling in the Master Online Programme "Advanced Oncology".

(The job as an academic assistant at Ulm University is not an employment in the sense of this declaration)

If I am employed elsewhere, I enclose documents proving that I have sufficient time for my studies, particularly that I will be able to participate regularly in all the necessary classes. I will provide a letter from my employer stating my hours of work and giving permission for me to study.

With enrolment at Ulm University, a personal account and a personal email address are created.

I agree to electronically receive notifications and information related to the administration of students and examinations as well as tuition fees via this account and to this email address. Student administration comprises, without being limited to, enrolment, leave of absence, change of study programme, reenrolment/reminders, annulment of admission as well as termination of enrolment. Examination administration comprises, without being limited to, registration for and withdrawal from examinations, recognition of study and examination achievements and the loss of the right to be examined.

The individual data as per the legal basis of the current law will be collected, saved, used and passed on according to the relevant laws and conditions.

§§ 56 - 62 Baden-Württemberg Federal State Higher Education Act

Regulation of the Department of Education and Science for collecting, use of personal data of applicants, students and examinees for administrative purposes of the universities, 28 August 1992 (law gazette 1992, p. 667), last updated by Art. 2 of the regulation dated 03 May 2012 (law gazette 11 May 2012, p. 276 ff.).

Direct all your questions to incomings@uni-ulm.de, not to Studiensekretariat (Registrar's Office)! Send all documents to the International Office!

This explains why you are asked these many questions and on which legal basis. A lot of data are required for statistical purposes (government steering) and will be evaluated anonymously.

On purpose, the International Office does not ask for this information during the application / admission process, as not every student will be accepted, and some accepted students drop out. Only those who will actually be enrolled have to supply these data.
