Programme:

During the day at the northern border of the Alps, professional guides are going to introduce us to different challenges. We will have a go at the team circuit of the Adventure Climbing Forest. We will also get the chance to get creative and set up a zip line ourselves to cross a small gorge. And there will be more activities prepared for us. Nonetheless, there are no previous skills required to take part. At lunchtime, we will enjoy a traditional meal with local products and cake.

Requirements: There are **no particular skills required** – no worries. You will just need comfortable clothes and – if possible – some rain gear. If rain is getting heavy, there will be an alternative programme.

Contact: If you have questions, please contact **Katja Ketterle** who will also be one of the International Office staff members joining you at the excursion:
