Preparing my arrival

Certain formalities and procedures should be anticipated, in order for your arrival in Angers to go as smoothly as possible.

VISA

> EU Students
EU students are not affected by this procedure.

> Students with a long stay visa
Students who have a long-stay visa equivalent to a residence permit (VLS-TS) must have their visa validated within 3 months upon arrival in France at this address:

> More information at the International Welcome Office, see p. 7

You can also find all relevant information on visas (type of visa, procedures...) on the Campus France website:

www.campusfrance.org

Please note

Students who have a residence permit in another EU country and who wish to stay in France more than 3 months, must also have a long-stay visa equivalent to a residence permit (VLS-TS).

Telephone

Make sure that your telephone will work in France.
- Contact your mobile phone operator to know if your telephone will function in France.
- Note that some French mobile operators sell international prepaid SIM cards.
- Don’t forget to register all your important local contacts (housing, university, emergency numbers).

Bank card

You can always prepare some cash for the first couple of days, but for peace of mind, remember to enquire whether your bank card will work in France.
Cash distributors are frequent and payment by bank card is very common, even for small amounts.

Inform the International Welcome Office, your residence or your housing landlord of your arrival date.

Arrival date information

Inform the International Welcome Office, your residence or your housing landlord of your arrival date.

Please note

You will arrive on a Sunday?

- Your European health insurance card or your health insurance contract,
- Your vaccinations card,
- Extra ID pictures,

Financing my stay

Here is some useful information to help you plan the budget for your stay in France.

**Scolarships**
Enquire about the scholarships granted by Campus France:

http://campusbourses.campusfrance.org/fr/院校/bourse/#/catalog

If you don’t have a scholarship, you should put a lot of effort into your budget. The UA and the Crous do not provide financial support to international students enrolled for the first time in a French higher education institution.

**Reduce your housing budget**

- **Accommodation with a private individual**
  The Crous offers private accommodation for rent with Lokaviz.
  https://www.lokaviz.fr

- **Housing financial aid**
  The Family Allowance Fund (CAF) can provide you with a monthly financial aid whether you rent a private flat or a room in a university hall of residence.

**Please note**
If you hold a temporary visa exempting you from residence permit requirements, you are not entitled to this housing benefit.

**Student job**
According to your status, you may have the opportunity to work during your studies. Please note that this will not allow you to cover all your expenses. A student job can only be considered as supplementary income. Also it is difficult to find a student job in France.
Crous offers student jobs on jobaviz.
https://www.jobaviz.fr
