Application Form
International MSc Programme
Communication and Information Technology
Summer Term 2022

Thank you for your interest in our International MSc Programme on *Communication and Information Technology*. We believe that you will find our school a challenging and stimulating environment which will significantly enhance your future career. We encourage you to apply if you believe you meet our high standards. Please test your prior knowledge on our website <http://www.uni-ulm.de/c-tech>

In order to properly assess your previous academic achievements and judge your capability to succeed in our programme, we kindly ask you to complete this application form.¹ Please read it carefully. Use the computer and Acrobat Reader to fill out this form! Unfortunately, files created with Adobe LifeCycle Designer cannot be processed! ***Before sending, make sure that the completed information has been saved correctly, boxes are scrollable and the file is still editable and readable using Acrobat Reader.*** Please answer all questions carefully!

If you have any questions concerning this form, please feel free to contact us by email via

c-tech@uni-ulm.de

¹Entries marked with a preceding asterisk * are not part of information requested by the University's Central Admissions Office, but are collected by the School of Engineering Sciences as a part of its applications evaluation procedure.

Application Process

The application process has two phases. Please follow the instructions.

Pre-Application After completing the application form, send it as pdf-file to

`ci-tech-preappSS22@uni-ulm.de`

(without passport-style photo and without signature)

Please make sure that the file name is

`"PreappSS22_<last name>_<first name>.pdf"`

Pre-applications must be received no later than September 1, 2021.

Full Application After you have received positive feedback on your pre-application, attach a passport-style photo of yourself to the first page of the application form, sign your name on the last page (again make sure that the form remains editable and fully readable), and send it including all required application documents, except letters of reference,² as one pdf-file to

`c-tech@uni-ulm.de`

Please make sure that the file name is

`"FullappSS22_<application no.>_<last name>.pdf"`.

Full applications must be received no later than October 1, 2021.

²The persons providing a letter of reference have to send it as pdf-file (including letterhead and signature) to the same email address. Please ensure that they put "Reference letter for <application no.>_<last name>" in the subject line of their email.

1 Information About Yourself

Last name:

(as in your passport)

First/given names:

(as in your passport)

Date of Birth: Year

Month

Day

Place of Birth:

Nationality:

Further nationality:

Sex:

male

female

diverse

***Marital status:**

single

married

Home Address:

c/o (if applicable)

Street

Number

2 Information About Your Education

Note that in order to successfully apply to the Communication and Information Technology programme, you need to have a Bachelor of Science (B.Sc.) or equivalent degree.

Degree title:

(in English)

Study course:

from:

(University or College)

Dates:

First enrollment:

Date completed:

Full-time student for

years

Grading System: Your final grade:

Maximum grade:

Minimum passing grade:

I have taken full-time university/college courses which were instructed in English (this does not exempt you from an English language test):

Yes

No

Comment:

Master degree:

(only if available)

Study course:

from:

(University or College)

Dates:

First enrollment:

Date completed:

Grading System: Your final grade:

Maximum grade:

Minimum passing grade:

Comment:

***GRE:**
(if available)

	verbal	quantitative	analytical
GRE-Score:			
GRE-Percentile:			

In case you had already studied Electrical Engineering or a closely related field at a German University:

Name of university:

Study course:

Grade:

Date of enrollment:

End of enrollment:

Did you ever fail any examinations at last attempt or did you irreversibly lose the right to be examined?

Yes

No

If yes, in which master's programme?

Please describe the main subjects of your studies:

Please describe your main subjects of your previous studies. For all subsequent fields, please enter all relevant (matching) ***courses/modules*** you have taken during your previous studies. Please also list their ***credit points***, the ***mark*** you have obtained and give a ***brief list of the contents*** of the respective course. If the subject was not part of your studies at all, leave the field blank.

1. Mathematics:**2. Signals and Systems / Communications:****3. Electromagnetic Fields and Waves:**

4. Basics in Electronic Circuits:

5. Basics in Computer Science (Programming):

Rank in class:
(please provide proof from your university if available)

of number of students in class:

Your English Language Skills:

Please enclose copies of any applicable certificate!

- I have taken a TOEFL (Test of English as a Foreign Language) or IELTS (International English Language Testing System) exam:

Yes

No

Result:

- I have another English language competency test:

Yes

No

Name:

Result:

- I have registered for an English language competency test:

Yes

No

Name:

Exam date:

***Your German Language Skills:**

A German language certificate is not required to enter the programme. However, information about prior language education in German will help us plan the language courses.

I have knowledge of German:

Comment:

3 Previous Employment

If you worked before, during or after your previous studies, please provide information on name of employer, country of employment, duration of employment, and type of work in the space below. ***Please only include full-time work experience exceeding six months.***

4 Curriculum Vitae

Below, please give your Curriculum Vitae outlining your previous education and professional experience.

5 *Statement of Objectives

Not exceeding 2000 characters, please state in your own words why you chose to apply to the Communication and Information Technology programme, and how you hope to benefit from it. Be specific about your personal interests in the field, and tell us about your future plans after completion of the programme.

Please note that this Statement of Objectives is ***extremely important*** for us and also your application process!

***How did you hear about Communication and Information Technology at Ulm University?**

6 Statement of Understanding

I declare that the information given above is true and complete. I am aware that false information may, among other things, result in a withdrawal of admission and enrolment.

I declare that I have not failed at last attempt any examinations in the study course for which I request admission and that I have not forfeited the right to be examined or admission to this study course for any other reason.

I declare that I will not be enrolled at any other institute of higher education in Germany at the time of taking up my studies at Ulm University (simultaneous enrolment at Ulm University and any other institute of higher education is only possible with the express approval of both institutes of higher education).

I am aware that failure to provide information required under the decree of the ministry of science concerning the collection and processing of personal data on prospective students, students and examination candidates for administrative purposes of institutes of higher education ("Verordnung des Wissenschaftsministeriums zur Erhebung und Verarbeitung personenbezogener Daten der Studienbewerber, Studierenden und Prüfungskandidaten für Verwaltungszwecke der Hochschulen") may result in a refusal of enrolment.

I agree to the possibility of electronic notification.

I am aware of the legal basis.

I understand that I will need approximately 985 € per month while studying at Ulm University, that many German embassies require students to deposit approx. 10,000 € on a German bank account before they issue a visa and that Ulm University cannot provide any financial support for incoming students.

By submitting these data I consent to the above.
