

Printing of dissertations

From December 16, 2025 to January 06, 2026 no dissertations will be printed at kiz.

Please select one of the following three options for submitting printed copies of your dissertation:

1. Print order via eKladde with payment method "invoice" or "cost center":

After a formal check the Service Point Publication Management will send the submission confirmation to your doctoral studies office in advance. However, print orders can only be processed from 07/01/26.

2. Print order via eKladde with payment method "chip card":

Submission confirmations to your doctoral studies office are not possible in advance. The print orders can only be processed from 07/01/26. Once payment has been made after the printing is done, a confirmation will be sent to your doctoral studies office.

3. Printing with an external provider:

In this case, please first upload your dissertation to OPARU and only have it printed after it has been formally checked by the Service Point Publication Management. After receiving your printed copy we will confirm the submission to your doctoral studies office.

Requirements for mandatory copies

Type of binding:

A hard or soft cover in A4 with adhesive binding is required for archiving.
Bindings with strips, spirals, staples or transparent folders are not accepted.

Paper type:

white wood and acid-free 100g paper

Cover:

Color and design of the cover are freely selectable.

You can either hand in the mandatory archive copy/copies in person at the Service Point Publication Management or send them to us by post (See below for address and opening hours).

We cannot accept printed copies that do not meet the above requirements.

If you have any questions, please contact the Service Point Publication Management:
