Research Seminar

“Emerging Research in Management Accounting & Control”

Ulm University · Barbara Mez-Starck-Haus · 22–23 September 2026

Call for Abstracts

The Research Seminar "**Emerging Research in Management Accounting & Control**" is an international forum for early-career researchers in the field of Management Accounting and Control. It welcomes both early-stage research ideas and advanced working papers, providing a supportive environment for presenting research and receiving constructive feedback.

The seminar fosters international **academic exchange** and networking among scholars and researchers from different institutions and countries. Participants benefit from in-depth discussions, diverse methodological perspectives, and opportunities for future collaboration. Further information about the seminar is available on our [website](#).

Keynote Speakers:

- **Ivo Schedlinsky** (LMU Munich School of Management)
Institute of Accounting & Taxation
- **Nina Schwaiger** (Technical University of Darmstadt)
Institute of Accounting

Application

To apply for a **presentation slot**:

Please submit an abstract (max. 300 words) no later than **27 July 2026** to Stephanie Betzler (sbetzler@ipri-institute.com).
