

ESPE Code	Diagnosis of disorders of the testis and male genitals according to the European society of Pediatric Endocrinology (ESPE)	OMIM	ICD-10
9A	HYPERGONADOTROPHIC HYPOGONADISM (primary testicular failure)		E29
	Possible secondary codes:		
3C.1	(feminisation/gynaecomastia)		
3D.0	(delayed puberty)		
9A.0	Due to disorder classified elsewhere <i>Cryptorchidism (9B) Klinefelter syndrome and its variants (14A.3) Laurence-Moon-Bardet-Biedl syndrome [primary 14B.18] [secondary 5b.2a] Noonan syndrome (14B.24) Steinert myotonic dystrophy syndrome (14B.35)</i>		
9A.1	Congenital disorders of the testes not leading to a disorder of sex development <i>Excluded: 46,XY disorders of sex development (4B)</i>		
9A.1a	Disorders classified elsewhere: <i>45,X/46,XY mixed gonadal dysgenesis with normal male genitalia (14A.4)</i>		E29.8
9A.1b	46XY gonadal dysgenesis		E29.8
9A.1c	Isolated elevation of FSH1 (Sertoli-cell-only syndrome/FSH receptor defect, spermatogenic arrest)	#400042	E29.8
9A.1d	Androgen receptor defect without malformation of external genitalia	#300068	E34.5
9A.1e	Anorchia (vanished testes, testicular regression syndrome)	273250	Q55.0
9A.1y	Other specified congenital testicular disorders leading to abnormal postnatal sex development		E29.8
9A.1z	Other congenital testicular disorders, unspecified, leading to abnormal postnatal sex development		E29.9
9A.2	Acquired forms of testicular failure		
9A.2a	Disorders classified elsewhere: <i>Autoimmune (part of autoimmune polyglandular syndrome type 1, 14C.4a)</i>		E29.1, E89.5
9A.2b	(Post-)infection		E29.8
9A.2c	Spontaneous torsion		E29.8
9A.2d	Traumatic		E29.8
9A.2e	Iatrogenic		E29.1
9A.2e.1	After scrotal or inguineal surgery		E89.5
9A.2e.2	After irradiation		E89.5
9A.2e.3	After chemotherapy		E89.5
9A.2y	Other specified disorders		E29.1
9A.2z	Other disorders, unspecified		E29.1

9B	CRYPTORCHIDISM/MALDESCENDED TESTES <i>Note: If secondary to an endocrine disorder then use code 9B as supplementary code</i>	#21905 0	Q53
9B.1	Unilateral		Q53.1
9B.1a	Suprascrotal		
9B.1b	Inguinal		
9B.1c	Abdominal		
9B.1d	Ectopic		
9B.2	Bilateral		Q53.2
9B.2a	Suprascrotal		
9B.2b	Inguinal		
9B.2c	Abdominal		
9B.2d	Ectopic		
9B.2e	Combination of various locations		
9B.3	Retractile testes		Q55.2
9B.4	Acquired cryptorchidism (testis has definitely been in scrotum on previous examinations, but later found to be suprascrotal or inguineal, needing treatment)		Q53.9
9C	ACQUIRED TESTICULAR DISORDERS		
9C.1	Orchitis <i>If associated with testicular failure then also give code 9A.2b</i>		N45
9C.2	Testicular torsion <i>If associated with testicular failure also give code 9A.2c 75</i>		N44
9C.8	Other, specified disorders of testes (e.g. trauma, iatrogenic) <i>If associated with testicular failure also give appropriate codes 9A.2d or 9A.2e</i>		S30.8, S39.9
9D	TUMOURS OF TESTES Benign:		D29.2
Malignant:		C62	
9D.1	Germ cell origin		M906– M909
9D.1a	Seminomas		
9D.1b	Non-seminomas		
9D.1b.1	Carcinoma in situ		
9D.1b.2	Yolk-sac tumours (embryonal cell tumours)		
9D.1b.3	Teratoma		
9D.1b.4	Choriocarcinoma		
9D.2	Non-Germ Cell Origin		M859– M867
9D.2°	Leydig cell tumour		
9D.2b	Sertoli Cell tumour		
9D.2c	Primitive gonadal structures		
9D.3	Mixed tumours		
9D.3°	Gonadoblastomas		M9073/1
9D.3z	Other mixed testicular tumours		C62.9
9D.8	Other, specified tumours of testes (e.g. leukaemia, rhabdomyosarcoma)		C62.9

9E	DISORDERS OF PENIS <i>Note: If due to underlying endocrinological disorder then use code 9E only as secondary code</i>	
9E.1	Hypospadias	Q54
9E.1a	Glandular hypospadias	Q54.0
9E.1b	Penile hypospadias	Q54.1
9E.1c	Penoscrotal hypospadias	Q54.2
9E.1z	Other	Q54.8
9E.2	Epispadias	Q64.0
9E.3	Cloacal malformation with penile abnormality	Q43.7
9E.4	Microphallus (micropenis)	Q55.6
9F	SCROTAL DISORDERS	
9F.1	Bifid scrotum	Q55.2
9F.2	Shawl scrotum <i>(if part of Aarskog-Scott syndrome, use 14B.1 as [primary], and 9F.2 as [secondary])</i>	N50.9
9G	DISORDERS OF THE EPIDIDYMIS	
9G.1	Epididymitis	N45
9G.2	Spermatocele	Q55.4
9G.3	Discontinuity of efferent ducts or vas deferens	Q55.4
9H	DISORDERS OF TESTICULAR BLOOD VESSELS	
9H.1	Varicocele	I86.2
9H.9	Other disorders, unspecified	
9Y	OTHER SPECIFIED DISORDERS OF THE MALE GENITALIA	Q55.8
9Z	OTHER DISORDERS OF THE MALE GENITALIA, UNSPECIFIED	Q55.9
