# Web Browser Settings for MOGADOC (Online Version)

## **Contents**

Chrome <sup>™</sup> (versions 5 – 63):	-
Enable Pop-ups and JavaScript	
Firefox <sup>™</sup> (versions 3 - 57):	;
Enable Pop-ups and JavaScript	;
Allow JavaScript to bring windows to the front (Firefox version 23 and higher)9	)
Allow JavaScript to bring windows to the front (Firefox version 22 and lower)10	)
Edge (41.16299.15):	•
Enable Pop-ups, JavaScript	•
Internet Explorer <sup>™</sup> ( IE11):	
Enable Pop-ups, JavaScript	
Opera <sup>™</sup> (versions 18 - 50):	į
Enable Pop-ups and JavaScript	,
Safari <sup>™</sup> (versions 6.1.1 – 11, Mac OS X 10.8 (Mountain Lion) to macOS 10.13 (High Sierra)):18	;
Enable Pop-ups, JavaScript, and WebGL	;
User Interface Translations to French and German	,

There are two versions of the MOGADOC database. One version is stored on a server and can be reached by the internet. In this description it will be called "online version". An older version was stored on your PC and will be called "in-house version". It required the installation of the Java runtime environment.

This description is about the online version.

# Chrome<sup>TM</sup> (versions 5 - 63):

#### **Enable Pop-ups and JavaScript**

1. When you start MOGADOC with Chrome for the first time, a

warning Pop-up blocked 🖈 or

appear in the search (address) field of the browser. A few second

later it will reduce to Government of the or the or

8. Restart your browser.

# Firefox<sup>TM</sup> (versions 3 - 57):

#### **Enable Pop-ups and JavaScript**

 When you start MOGADOC with Firefox for the first time, a warning will appear in the search (address) field of the browser. Click on Options and select Allow pop-ups for ... or Always allow pop-ups from .... Continue to use MOGADOC. If everything works fine you can ignore the following instructions. Otherwise continue with point 2.

6	Firefox prevented this site from opening 2 pop-up windows.			×
	<u>O</u> ptions ×			
	Allow <u>p</u> op-ups for www.interhost.de <u>E</u> dit Pop-up Blocker Options <u>D</u> on't show this message when pop-ups are blocked			
	Show 'http://www.interhost.de/ih3000/img1/pix1.gif'			

#### 2. Click on $\equiv$ , Firefox $\checkmark$ , or

Tools and then on the item Options.

 Click on the Content icon. If you have an old Firefox version, and if the checkbox near Enable JavaScript is not checked, you have to check it (in newer Firefox versions there is no easy way to <u>disable</u> JavaScript). If Block popup windows is checked, click on the button Exceptions...

Firefox 3.6

- If the address "www.interhost.de" does not appear in the field below, you have to enter it in the field Address of website, click Allow, and close the window.
- **5.** Restart your browser.

		🕙 Allowed Sites - Pop-ups	
Allowed Sites - Pop-ups	×	You can specify which websites are allow the exact address of the site you want to	ed to open pop-up windows. Type o allow and then click Allow.

**3.** Restart your browser.

### Edge (41.16299.15):

#### Enable Pop-ups, JavaScript

- When you start MOGADOC for the first time with Edge, Edge will tell you that it has blocked a popup of www.interhost.de. Now you can click on "Always allow", close the browser windows and restart MOGADOC. Your choice will be remembered the next time you start MOGADOC.
- 2. JavaScript is normally enabled, and it is not possible to *disable* JavaScript within Edge.

Microsoft Edge blocked a pop-up from www.interhost.de.
