OBJECTIVE:

Zeitschrift für Physikalische Chemie (ZPC), founded in **1887**, covers the main developments in physical chemistry with emphasis on experimental and theoretical research. It represents a combination of reaction kinetics and spectroscopy, quantum theory, surface research and electrochemistry, thermodynamics and structure analysis of matter in its various conditions. Short times for peer review and publication can be guaranteed for high quality submissions.

BENEFITS:

- ▶ Ideal forum for new ideas and particular needs
- ▶ Well-balanced combination of subjects
- ▶ Accurate quantitative descriptions of chemical processes
- ▶ Modern developments of mechanisms and mathematical models
- ▶ Combined chemical-material experience and physical measurement methodology
- ▶ Broad range of contributions of mainly experimental character
- ▶ Rigorous peer-review

Submit your paper

Original paper, review paper

Your benefits of publishing in ZPC:

- ▶ Rapid online publication ahead-of-print with short turnaround times
- ▶ Free publication of colour figures both in online and print editions and no page charges
- ▶ Optional open access publication
- ▶ Accepted papers will be published online first as DOI-citable, forward-linked articles for quickest possible visibility for the scientific community
- ▶ Every article easily discoverable because of Search Engine Optimization (SEO) and comprehensive abstracting and indexing services
- ▶ Convenient citation tracking via e-mail alert
- ▶ Secure archiving by De Gruyter and the independent archiving service Portico
- ▶ Professional sales and marketing support
