Lecturer: Prof. Dr. Christof Gebhardt, christof.gebhardt@uni-ulm.de
Institut für Biophysik, N25 / 3211

Lecture: Wednesday 12:00–2:00 pm, N25 / H8 (first lecture on 17.10.2018)
Friday 8:00-10:00 am, N24 / H15
The lecture is in English.
Slides and announcements will be accesible online in Moodle.

Exercises: Tuesday 2:00–4:00 pm O25 / 346 Johannes Hettich (English)
2:00–4:00 pm N25 / 2103 Thomas Vomhof
2:00–4:00 pm O28 / H21 Achim Popp
(first exercise on 23.10.2018)

50% of exercise questions have to be volunteered to be accepted for the exam. By demonstrating exercises, up to 5 points can be gained for the exam. These points expire after the term. Points from previous terms are void.

Lab course: Biochemists: 2 labs (4 labs)
Biophysicists: 2 labs (4 labs)

The protocol is due 1 weeks after each experiment!
Each student gets a grade for each experiment. The total lab grade is the average over all experiments.

Exam: date: tba.
Tools allowed: 1 page DIN A4, hand written; calculator, not programmable, no internet connection; ruler
The exam will cover materials from the class and lab course.

Grade: The overall grade will be calculated using 80% the results from the final exam and 20% the result from the lab course.
