

**Elementary reaction steps in electrocatalysis:
Theory meets Experiment**

DFG Research Unit FOR1376

**First Research Unit Colloquium
December 16, 2010, 14:00 - 16:45
Ulm University, HS16, N24**

Schedule

- 14:00 *Introductory remarks*
Axel Groß, Ulm University
- 14:10 *Influence of halogen adsorption on the properties of electrodes:
Cl and I on Cu(111)*
Tanglaw Roman, Ulm University
- 14:50 *In-situ spectroscopy on 'preferentially shaped Pt nanocrystals'*
Sylvain Brimaud, Ulm University
- 15:30 Coffee break (with cookies)
- 16:00 *Title to be announced*
Schmickler group, Ulm University
