

Mini-Symposium Protein Biochemistry 26th April 2016 | 2:00 – 4:30 pm

Ulm University | N27 | Multimedia Room 2.059

2:00 pm Prof. Dr. Michael Weber

President of Ulm University

Prof. Dr. Bernhard Eikmanns

Dean of Studies, Department of Biology, Ulm University

Welcoming remarks

2:20 pm Prof. Dr. Johannes Buchner

Chair in Biotechnology, TU Munich

"The cellular machinery of protein folding"

3:00 pm Prof. Dr. Sara Snogerup Linse

Department of Biochemistry and Structural Biology, Molecular Protein Science, Lund University, Sweden

"Mechanism of amyloid beta peptide aggregation

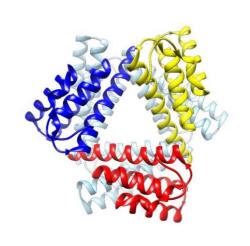

and the role of inhibitors"

3:40 pm Prof. Dr. Konrad Beyreuther

Network Aging Research (NAR), Heidelberg University

"Aging without Alzheimer's disease –

from the perspective of a molecular biologist"

A warm welcome to everyone interested! Participation will be free.

Prof. Dr. Marcus Fändrich,
Institute of Protein Biochemistry, Ulm University
