Universität Stuttgart

IQST Day Program | October 12th, 2016
University of Stuttgart, Pfaffenwaldring 57, Hörsaal 57.03

- 9:15** Reception and Poster Set-up
- 9:45** Welcome | University Rector and IQST Directors
- 10:00** Overview of IQST activities | IQST Directors
- 10:30** Guest Speaker
Chris Monroe: *Time to build a quantum computer*
 (University of Maryland)
- 11:30** Coffee Break
- 11:45** IQST PhDs and Postdocs (25 min each):
Michal Kern/Stefan Bechler: *Integration of molecular quantum bits with semiconductor spintronics*
Boris Naydenov: *Controlling Single Nuclear Spins using MW Dressed States*
Tomohiro Takayama: *Exploring quantum materials – quantum magnets with strong spin-orbit coupling*

- 13:00** Lunch („Commundo“)
- 14:30** **Bert Klebl:** *Introduction of the Lead-Discovery-Center (LDC), a successful platform for technology transfer*
 (Managing Director, LDC)
- 14:45** **Panel discussion** *How to develop quantum innovation eco-systems?*
 Moderator: **Gustav Kalbe** (Head of Unit, High-Performance Computing and Quantum Technologies, European Commission)
 Guests: **Chris Myatt** (MBio), **Christian Reitberger** (Wellington Partners), **Bert Klebl** (LDC), **Ilai Schwartz** (NVision)
- 16:00** Poster Session
- 17:30** Get-together: food and drinks
- 19:30** End
