The house rules of the University apply.

Warranty of copyrights and personal rights

- Shooting/recording dates at institutes/lecture halls must be coordinated with the responsible director/presenting lecturer in advance.
- This permit is strictly limited to the filming/photographing/recording of staff, students and visitors, from whom the responsible editor has explicit written consent before the filming/photographing/recording. Where minors or persons with restricted decision-making ability are involved, the consent of the guardians/carers is required also.
- When filming/photographing/recording, the media representatives must ensure that staff, students and visitors are not captured without their consent, and the consent of their guardians/carers, if applicable. This explicitly applies to groups of persons also.
- The media representatives must furthermore ensure that no personal details are displayed, for example on monitors, papers, laboratory specimen etc.

The applicant indemnifies the University from liability for the violation of usage rights, personal rights and/or copyrights.

Please carry this permit with you when filming/photographing/recording and present it to university staff and security personnel upon request.
